ECLECTIC SINGLE STOREY VILLA

The design of this charming single-storey property is based on a series of inter-connecting rooms, akin to a traditional Alentejo farmhouse, juxtaposed with some modern features, overlooking a central patio.

A warm, rustic ambiance radiates from the authentic Spanish double door entrance hall with a guest WC and cloak closet through to the lounge, a quality enriched by the signature log burning fireplace set in a hearth of polished granite. The adjoining library/office is very spacious with an abundance of sunshine and leads to a guest bedroom with an ensuite shower room and walk-in closet. On the other side of this bedroom is an additional guest bedroom with walk in closet and ensuite shower room, accessed through the courtyard. The large main bedroom is situated on the opposite side of the villa, with an ensuite bathroom and a walk through closet. A fourth bedroom is located next to the main bedroom and across the second entrance lobby featuring a Spanish style original hard wood door, is the fifth bedroom with a walk through closet and ensuite shower room.

The villa's heart is the country-style kitchen with a breakfast island, a robust and professional cooking environment fully equipped with state-of-the-art appliances mixed with the authenticity of a traditional home, located adjacent to the dining room. There is also a separate laundry area next to the kitchen with plenty of pantry storage. An enticing swimming pool lies in a mature garden that has access to the rear of the property. A border hedge affords a good degree of privacy to the mature garden, incorporating the officially adopted area to the Southwest side of the property.
