Beautifully designed on 3 levels plus the roof terrace, it features ultra-high end furnishings and finishings throughout seamlessly incorporating the very latest technology, including home automation. The property flows beautifully from the automated front door with face recognition to the double height entrance hall with textured walls and an exquisite floating rounded staircase, to the spacious lounges, dining area and fully fitted and equipped kitchen with double island units.

The ground floor living areas all lead out onto the spacious pool terrace, connecting to the main covered terrace which provides expansive dining and seating areas. Four bedroom suites and a guest restroom are also located on this floor. The grand main suite encompasses the whole of the first floor with its own private terrace with sea, lake, golf, and mountain views. The impressive roof terrace, with a stunning Jacuzzi, covered entertaining area, sunbathing and seating areas provides superb views and is accessed either by lift from the lower floors or directly from the master suite.

The lower level features a wonderful spa and relaxation area with natural light throughout comprising a pool, a massage room with sauna and steam rooms, a high-tech gym and a state of the art cinema room. The elegant, champagne bar, wine room and entertaining space is a striking feature of the lower level, which also encompasses a further bedroom suite and garage with turning plate.
